

Enrich thinking, with Economics

QETA Economics Conference 2023

Proudly sponsored by

Presenting another full day Professional Development to enrich Economic teaching.

- Face to face – Brisbane Girls Grammar School
- Online, for our regional and remote members
- Economics Society of Australia Queensland / QETA and Atomi scholarships available to cover flight costs for regional and remote teachers – refer website for application details

Teachers will have an opportunity to:

- upskill and update their knowledge of teaching, learning and assessment
- participate actively by asking questions – coordinated online experience
- increase communities of practice.

Presenters

Danielle Wood

Danielle is CEO of the Grattan Institute where she heads a team of leading policy thinkers, researching and advocating policy to improve the lives of Australians.

Danielle also leads Grattan's Budgets and Government Program and has published extensively on economic reform priorities, budgets, tax reform, women's workforce participation, generational inequality and reforming political institutions.

Danielle was previously Principal Economist and Director of Merger investigations at the ACCC, a Senior Economist at NERA Economic Consulting and Senior Research Economist the Productivity Commission. She holds an Honours degree in Economics from the University of Adelaide and two Masters degrees, one in Economics and one in Competition Law, from the University of Melbourne.

Anna Barker

Anna is Executive Director, Digital Platforms at the ACCC. Anna is an experienced public policy expert with a particular interest in competition, consumer protection, regulation and digital platforms issues, in Australia and internationally.

Anna has held positions with the ACCC, the OECD and the Australian Energy Regulator as well as the Productivity Commission.

Anna holds a Bachelor of Economics (Honours) from the University of Queensland and a Masters degree in Competition and Consumer Law from the University of Melbourne.

Australian Curriculum

Engaging the middle years: Planning with the Australian Curriculum HASS: Economics and Business v9.0

As teachers engage with the changes to the Years 7–10 Australian Curriculum HASS: Economics and Business v9.0, they do so reminding themselves of their learners – students in the middle years. Through an exploration of the signature practices evident in a successful middle schooling approach, this session will support teachers and curriculum leaders to develop strategies for planning

engaging units based on the revised Economics and Business v9.0 curriculum. The key changes to the curriculum and QCAA resources available to support planning for v9.0 will also be explored.

Cognitions, objectives and using ISMGs

Economics General Senior Syllabus

The session provides opportunities to refresh existing knowledge of cognitive verbs and how they are enacted in the syllabus objectives of Economics. It considers how ISMGs operate when making judgments of student work.

2023 Conference Scholarship

For Regional Queensland
Economics and Yr 7-10 Economics
and Business Teachers

QETA values the contribution of all members across Queensland and is especially keen to develop strong teacher networks in regional Queensland. The aim is to support you in your teaching of Years 7-10 Economics and Business, and Year 11 and 12 Economics.

Applications are invited from teachers in regional Queensland (not including Brisbane, Gold Coast, Sunshine Coast and Darling Downs) to attend the **QETA Annual Conference on Saturday 15th July 2023, being held in Brisbane.**

The scholarship will cover flight costs to attend the QETA Conference. To maximise how many regional teachers can participate in the \$5000 scholarship, we are hoping you can arrange accommodation with family or friends.

To apply, please reply to info@qeta.com.au outlining how attending the QETA Conference will benefit your Economic classroom practices and your regional network / community of practice. (One short paragraph, "Conference 2023 scholarship" in the subject line). Decisions will be made regarding applications asap so we can secure good flight prices.

We look forward to meeting Economic teachers from across the State!
